Bevel adjustment

Quickly adjusts for bevel-cutting any angle to 45°.

Depth of cut adjustment

Permits adjustment from 3/4" to 1 7/8".

Blade guard

Completely safe automatic telescoping guard.

Safety switch

Saw stops immediately when finger pressure is removed.

Sighting window

Eliminates guesswork, makes following line of cut easy.

MODEL 520 \$59.50

Model 556 SKIL Home Shop Saw (Model 520 with green wrinkle finish metal carrying case \$64.00

Fast, easy-to-use; with plenty of power for most cutting on maintenance and repair jobs in home workshops, on farms. Bevel and depth of cut adjustments give big saw performance at a home shop price. Cuts or scores metals and composition building materials with SKIL blades and cut-off wheels. Built for lasting service with ball bearings, high-strength aluminum alloy housings, heat-treated steel gears and heavily insulated field and armature.

EQUIPMENT

6" combination blade, wrench, 7 ft. of 3-conductor, rubber-covered cord.

SPECIFICATIONS

Blade Size: 6" diameter.

Cutting Capacity: Maximum in wood, 1 7/8".

Base Adjustments: Vertically for depth of cut from 3/4" to 1 7/8". Tilts for bevel cuts. Depth of cut at 45°, 1- 3/16".

Motor: Universal for D.C. or A.C. up to 60 cycles.

No-load Speed: 5800 r.p.m.

Switch: Spring-loaded for automatic shut-off. 100% overload capacity, bakelite enclosed.

Blade Guard: Automatic telescoping guard rotates on bearings, shields saw blade when not cutting.

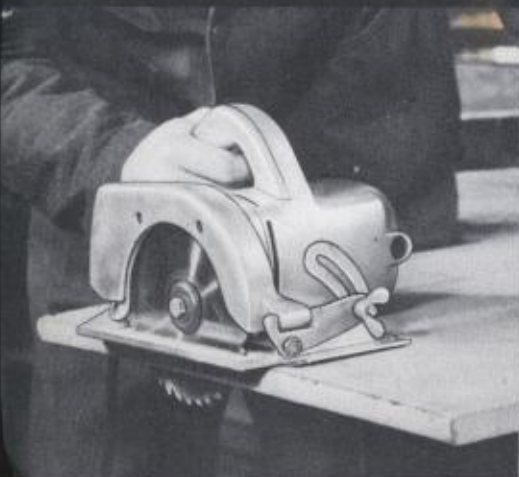

Length Overall: 10 1/8".

Net Weight: 10 1/2 lbs.

Shipping Weight: 15 lbs.

Voltages: Standard voltage, 115. Furnished for 220 volts on special order.

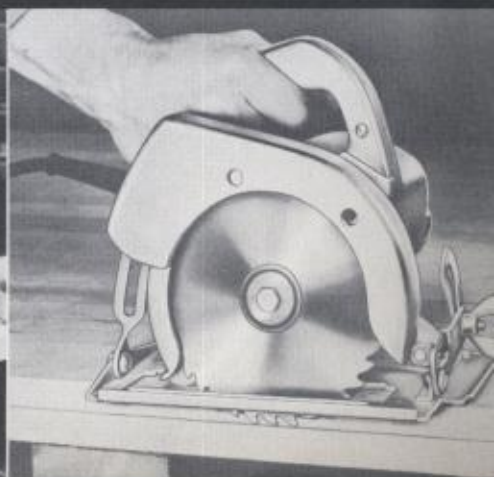

Portable SKIL Home Shop Saw zips through any cross-cut in seconds!

One simple adjustment permits cutting any angle from 0° to 45°.

A wing nut adjustment sets blade for cutting thru materials or scoring.

You'll stop 'em and sell 'em

Old furniture is made new again with fast removal of paint and varnish.

ELECTRIMMER

TRIMS

Shrubs... Bushes... Hedges...

THE EASY WAY

10 Times Faster than by Hand

ELECTRIMMER EXTENSION CORDS

- No. 218 — 50 ft. of 18 gauge cord with connectors, ea. \$4.50
No. 219 — 100 ft. of 18 gauge cord with connectors, ea. \$7.95
No. 224 — 100 ft. of 16 gauge cord with connectors, ea. \$9.50
No. 235 — 200 ft. of 16 gauge cord with connectors, ea. \$19.00
(For 150 ft. hook-up, combine Nos. 218 and 224.)

Electrimmer makes one of the hardest and most tedious garden jobs a pleasant pastime. It cuts a clean swath through the toughest hedge growth without damaging ends of bark. Electrimmer will trim 100 feet of hedge, top and sides in less than 30 minutes.

The long, straight cutter bar makes it easy to get a flat, level top and precisely even sides. Wonderful for shaping, rounding, beveling, fancy cutting and sharp corners. Professional gardeners say that it saves so much time it pays for itself in a single season!

Bail type handle with form-fit rubber cover provides perfect balance, easy one-hand operation in practically all positions. For cutting tall growths, Electrimmer comes with an adapter for standard $\frac{1}{2}$ " pipe that replaces rear handle. Extension pipe length can be cut to suit the user.
Model 66 Electrimmer.....\$34.95

EQUIPMENT

One 12 in. cutter blade; one adapter for extension handle; 6 ft. of finest rubber covered cord with two-prong connector.

SPECIFICATIONS

Cutting Blade: Blade cuts a full 12 inch swath. Made of finest steel. Is spring loaded to assure proper tension at all times, and also compensate for wear.

Motor: Universal for D.C. or A.C. up to 60 cycle.

Gears: Special alloy steel worm and bronze worm wheel, running in grease-sealed chamber, effects necessary speed reduction.

Switch: Single pole, built-in toggle switch, located on motor frame.

Frame: Die-cast aluminum alloy, for lightness and strength.

Length Overall: 24". **Net Weight:** 6 lbs. **Shipping Weight:** 9 lbs.

Electrimmer clips hedges to flat, smooth shape without markers or strings.

Comfortable to use in any position, Electrimmer cuts the heaviest growths.

Adapter allows use of $\frac{1}{2}$ " pipe extension to reach the highest spots.

SKIL Home Shop Polish

- For All Power Polishers
- Cleans and Polishes in One Operation
- Restores Original Luster

No. 3366—SKIL Home Shop Auto Polish, Pint . . . \$.90

A new combination cleaner and polish manufactured especially for use with SKIL Home Shop Sander-Polisher, or any other make of power polisher. Quickly cleans, polishes and glazes all automobile finishes in one operation. Produces a hard, lustrous surface that seals and beautifies finish.

SKIL Home Shop Auto Polish is applied to surface and buffed off while still wet. Fast acting ingredients loosen road film, grease and dead pigments so they are easily removed by action of the polishing bonnet. Finish is cleaned, surface imperfections are rubbed down and sealed by glazing action, surface is highly polished . . . all in one simple operation.

OTHER USES. SKIL Home Shop Auto Polish is also excellent for cleaning and polishing lacquer, synthetic, or hard finish surfaces. Use for polishing stoves, refrigerators, wall cabinets, table tops and similar finishes.

DEALERS

These new SKIL Home Shop Accessories mean extra uses for SKIL Home Shop Tools . . . extra uses that spell more sales and bigger profits for you. So take advantage of this excellent chance for tie-in sales right away. Feature both of these sales-stimulating accessories along with SKIL Home Shop Sander-Polisher and SKIL Home Shop Drill.
