## DESIGN FOR A SAW.

---

The Schedule referred to in these Letters Patent and making part of the same.

---

I, EDWARD RHODES, of Philadelphia, county of Philadelphia, State of Pennsylvania, have invented or produced a new and original Design for the Cutting-Edge of a Saw, of which the following is a specification.

In the accompanying drawing—

Figure 1 represents a portion of a saw made in accordance with my design.

Figure 2, an edge view of the saw.

My design relates to the cutting-edge of a saw, and consists of groups A A of teeth *a a*, there being four teeth, of the form shown, in each group, and between the groups is a single tooth, *b*, the space on each side

of which is deeper than the spaces between the teeth of the groups.

### *Claim.*

The design for a saw, as described and shown.

In testimony whereof I have signed my name to this specification in the presence of two subscribing witnesses.

EDWARD RHODES.
